EARLY COINS OF AMERICA. By Crosby. reprint limited to 500 copies. This book is the only authoritative work on all Colonial coinage. This is a facsimile reprint of both text and plates. Bound in green fabricoid with title in gilt on backstrip. The original now sells at \$75.00, and is not always available at that price. 372 large pages. 10 plates..... \$18.50

CONFEDERATE AND SOUTHERN STATE CURRENCY, By Bradbeer. Reprint limited to 1000 copies. The original of this book has only 162 pages. The reprint, with additional illustrations and information, has 285 pages. For the original I paid \$35.00; the reprint is certainly worth twice as much, but I am selling it retail, Postpaid in the U.S. for \$ 4.50

THE EARLY U.S. SILVER DOLLARS FROM 1794 to 1904, By M. H. Bolender. About 80 pages together with 9 pages of illustrations of 157 different obverse and reverse dies. Easily written so the layman as well as the professional numismatist can readily distinguish varieties. The rarity, as indicated, was based on actual records of the number of pieces offered, kept over a period of more than 40 years. Far superior to Haseltine. Large size deluxe volume, 9 x 12 inches, on first quality paper, cloth bound, with gold stamped cover. Regular price \$10.00 Special \$ 9.00

A REGISTER OF HALF DOLLAR DIE VARIETIES and SUB-VARIETIES. By M. L. Beistle. 261 pages — 7 pages of plates. Table showing Haseltine and Beistle Numbers. 1794 and 1795 Half Dollars — History of Confederate Half Dollars and restrikes of same. Primer Chart — one page of drawings which describe all of the various parts of the coins and the terms used. A standard reference covering the Half Dollars from 1794 to 1928, also Commemorative Halves from 1892 to 1928. Many dealers asking \$6.00. While they last, Postpaid in U.S..... \$ 5.00

DICTIONARY OF NUMISMATIC NAMES, By Albert R. Frey - with Glossary of Numismatic Terms in English, French, German, Italian and Swedish — by Mark M. Salton. Two volumes in one: Part One, a Dictionary of Numismatic Names designed for both the beginner and the advanced collector; Part Two, a Glossary of Numismatic Terms. Absolutely a must in every Numismatic Library. 405 pages 7 1/2" x 10". Cloth bound. Special \$ 7.50

COINS OF THE WORLD. Nineteenth Century issues. By Wayte Raymond. Containing an extensive list of the silver and minor coins issued by the countries of the whole world, their colonies or dependencies, with illustrations of the principal or most interesting types and giving the average valuation among collectors and dealers. Probably the most extensively illustrated book on coins ever published. A geographical arrangement of the contents presents the closely allied coinages in their proper sections and avoids the artificial groupings resulting from an alphabetical arrangement. Large octavo, full cloth \$ 3.50

A WORD OF EXPLANATION IS IN ORDER

This list was ready to go to the printer about six weeks ago when I was asked to sell a large Collection of Silver, Copper and Nickel coins, also some gold. While the second collection was being catalogued I sold so many of the Early Dollars I had previously listed it was necessary to completely re-write that section of the list, the same is true of the Double Eagles. We also added a good number of Rare U.S. Gold coins recently purchased. I am truly sorry for the delay.

TO A CLIENTELE SECOND TO NONE WE SAY THANKS A MILLION FOR YOUR SPLENDID COOPERATION AND PATIENCE.

IN THE FUTURE AS IN THE PAST WE WILL DO OUR BEST TO PLEASE YOU AND I HOPE YOU CONTINUE TO FAVOR US IN THE FUTURE, AS IN THE PAST, WITH YOUR BUSINESS - BOTH BUYING AND SELLING. R. GREEN

CONDITION AND ABBREVIATION DESCRIBED

PR. PROOF coins are those coins struck especially for collectors, have a bright, mirror like surface. The Government charged a premium for these coins at the time of issue. A coin can still be a proof although it is dis-colored, if they show scratches or wear they should be classed as E.F. and not Unc.

UNC. UNCIRCULATED coins are those coins struck for regular circulation but show no wear, nicks, dents or scratches. Some uncirculated silver coins are dark due to oxidation.

E.F. EXTRA FINE and ALMOST UNCIRCULATED coins show only slight A.U. rubbing or very light wear and must retain considerable mint luster.

V.F. VERY FINE coins are those that show more wear than E.F. and they may not retain any of the mint luster but should not have had nicks or dents.

F FINE coins are those showing considerable wear but all lettering, date and design plain.

M/L MINT LUSTER, we use this method of describing a coin that still retains much of its mint luster and especially where space is limited to describe such coins, this is also a much needed time saver. Should be a favorite term in years to come.

MINTS AND MINT MARKS

P The Pennsylvania mint began regular operation in 1893 and has no mint mark except on the composition nickels struck during World War II, better known as war time silver five cent piece. They have a mint mark (P) above the building. All other mints used a letter or letters to signify where the coins were issued.

C Charlotte, N.C., struck gold coins only. 1838 to 1861.

CC Carson City, Nev., coined both gold and silver. 1870 to 1893.

D Dahlonega, Ga., gold coins only, 1838 to 1861.

D Denver, Colorado. 1906 to date.

O New Orleans, La. 1838 to 1861, 1879 to 1909.

S San Francisco. 1854 to date.

It is interesting to note that two of the U.S. Mints struck gold coins only and all of the U.S. Mints struck gold coins during some period of their operation. Orleans mint did not strike copper or nickel coins, neither did Charlotte, N.C. Dahlonega, Ga., or Carson City, Nevada.

THE U. S. COIN ALBUMS

The series of twenty different U. S. Coin and two World Silver Dollar Albums listed below have been specially adapted for use in housing coins most widely collected by numismatists the country over.

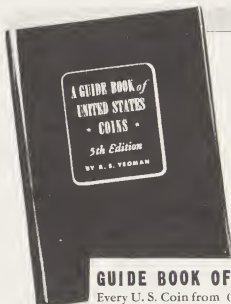

In style and design they have been manufactured along the same lines as the more expensive American Coin Album pages except that each row of openings has a single celluloid slide which can be removed by friction of the fingers toward the outer edge of the page. This will permit quick insertion of the coin into place after which the celluloid slide is returned to its original position. Of necessity only one side of each coin is displayed. These albums are sturdily constructed of heavy dark green cover stock attractively designed with portrait and title and are also printed with year dates on each page size 5 1/2 "x8"

Sturdy construction, convenient handling and moderate price have made these U. S. Coin Albums popular with thousands of coin collectors everywhere.
